COMPANY NEWS

Turnstar Trading Statement for the Half Year Period Ended 31 July 2022

The rental revenues of the Group for the half year period ended 31 July 2022 increased by approximately 11.3% compared to the corresponding half year period ended 31 July 2021 (P 128.2 million for the half year period ended 31 July 2021 compared to P 142.7 million for the half year period ended 31 July 2022). The increase in rental revenues resulted in a marginal increase in the Group's operational profit despite current inflationary cost increases, when compared to the corresponding half year period ended 31 July 2021. Escalating borrowing rates resulted in an increase in the Group's finance costs compared to the comparative prior period. The US Dollar also appreciated substantially against the Botswana Pula, during the current half year period, resulting in foreign exchange losses recognised on the Group's borrowings denominated in US Dollar. As a result of the inflationary cost pressures together with the increase in finance costs and foreign exchange losses referred to above, the Group's profit before taxation, for the half year period ended 31 July 2022, is expected to be 11.5% lower (or P7 million) from P 61 million for the half year period ended 31 July 2021 to approximately P 54 million for the half year period ended 31 July 2022. After realisation of deferred tax and an exchange gain on translating of the Group's foreign operations, the Group's comprehensive income for the half year period ended 31 July 2022, is expected to increase by 117% (P69 million) from P59 million for the half year period ended 31 July 2021 to approximately P 128 million for the half year period ended 31 July 2022. Stakeholders are reminded that foreign exchange translation gains are unrealized and are dependent on the US \$ /BWP exchange rate at the reporting date. The results as at and for the half year period ended 31 July 2022 will be published before 31 October 2022. Shareholders and Investors have been advised to exercise caution when trading in the Company's securities until such time as a detailed announcement as to the results is made.

BTCL Closed Period for Trading

The preparation of BTC's interim financial results for the six months ended 30th September 2022 ("the results") has started and the results are expected to be published on or before 31st December 2022. BTC has declared a closed period from 1st October 2022 to the date of publication of the results, which is envisaged to be on or before 31st December 2022. Any changes to the publication date will be communicated in writing. During this period, members of the BTC Board, staff of BTC and their immediate family members are prohibited from dealing in BTC shares, as it could be deemed that they may be aware of unpublished price sensitive information. Unpublished price sensitive information is information affecting a company, which if released is likely to materially affect the company's share price. All concerned have been requested to take note of this announcement to ensure compliance.
